DETAILED ACTION

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

* The primary reasons for allowance for claims 1, 3-8 are the inclusion of a pagewidth printhead comprising a plurality of nozzle arrangements defining a pattern wherein at least two nozzle arrangements have different predetermined rotations and multipliers with respect to a reference grid. It is these limitations, either alone or combined as claimed, that have not been found, taught, or suggested by prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Lamson D. Nguyen whose telephone number is 571-272-2259. The examiner can normally be reached on 8-5.
